Traffic: Curlers from first draw must vacate the building prior to allowing the second draw curlers to enter

Keep 6 ft distance from others

No socializing indoors

On Ice Etiquette: No handshakes, but do still say *Good Curling!*

Follow all traffic patterns outlined

Games: **Predetermined color and hammer** will be located on schedule

Only **one** sweeper permitted at all times

No sweeping after the **T-Line**

Timer will be set to 85 minutes and curlers will finish the end they are playing when the buzzer buzzes

Strict timelines followed to allow for cleaning and vacating the building

The schedule will be taped to the glass of the rink when you enter. Maintain social distance when looking at it

Sheets A & C will enter the ice on the west end. Sheets B & D will enter the ice on the east end.

4 pm curlers will be off the ice before the 6:15pm curlers come on the ice to clean

Sweepers: If you **ARE NOT** sweeping, you must stand behind the person delivering while maintaining social distance.

If two curlers sweep a stone, that stone is burned. This includes a skip as skips **do not** sweep at all

We will have teams of 4, so sweepers will alternate as desired

Score: Only one person **PER SHEET** can touch the scoreboard. So **ONE PERSON** is responsible for **BOTH** teams score

After the game ends, take a picture of the scoreboard and email to okcurling@gmail.com. If you do not do this, your score will not be recorded

Skips: Skips cannot sweep at anytime during the game

Opposing Skip must stand behind the hack at all times

As game is playing, move discarded stones into correct numerical order with your broom to prevent curlers from touching between ends

Stones: Each player to use the same two stones for the entire game and are responsible for cleaning handles of those two stones before and after the game

No touching other players stones. Use your broom to move stones if need be

Hand hygiene required. Sanitizing products supplied by club and placed on carts

Club Equipment: There will be one slider at each end on each sheet for use. Do not touch the slider with your hands, use your broom to drag it back to the hack.

Each curler must use their own broom at all times. If you do not have a broom you can rent one from the club for the **whole season** for free. You will take your rented broom with you after each game, we will not be storing them in the shed. If you do not return your broom after the last game of the league, you will be charged the full price of \$25 which must be paid before you can play in another league.

Each curler using a stabilizer must use their own stabilizer. Club stabilizers will not be available.

Each curler must provide their own grippers. If you do not have grippers, you may rent a pair from the club for free for the duration of the league. You must return the set of grippers to the club after the last game of league. If you do not return the grippers, you will be charged the full price of \$40 which must be paid before you can play in another league.

All equipment rented must be signed off on when taken and signed off on when returned. **Do Not** just return them to their normal storage areas without having your name marked off as returning.

Broomstacking: Permitted outdoors with proper social distancing

There will be no food permitted in the arena and no drinks on the ice
